

**AMENDMENTS TO THE CLAIMS:**

This listing of claims will replace all prior versions and listings of claims in the application.

**COMPLETE LISTING OF THE CLAIMS:**

Claim 1 : (Original) A merchandiser for cooling and displaying produce comprising:

a frame defining a cooled air plenum;

a unit cooler for supplying cooled air to said plenum;

a shelf mounted to said frame below a first cooled air egress passageway in communication with said plenum; and

a drawer slidably mounted in said frame below a second cooled air egress passageway in communication with said plenum;

wherein said merchandiser is adapted such that cooled air that spills out of one of said shelf and said drawer is received by the other of said shelf and said drawer; and

wherein said merchandiser is adapted such that cooled air that spills out of the other of said shelf and said drawer is received by said unit cooler for further cooling.

Claim 2 : (Currently Amended) The merchandiser of claim 1 wherein said frame further comprising defines a refrigerated chamber in which said unit cooler is enclosed and said merchandiser further comprises a right side wall and a left side wall that, in combination with the front of said plenum and the top of said refrigerated chamber, define a display chamber.

Claim 3 : (Original) The merchandiser of claim 2 wherein said shelf includes an air movement deflector extending vertically upwards along the width of said shelf proximate an edge of said shelf that is distal from said plenum.

Claim 4 : (Original) The merchandiser of claim 3 further comprising a shelf front wall mounted between said right side wall and said left side wall in front of said shelf such that said air movement deflector and said shelf front wall define a return air channel.

Claim 5 : (Currently Amended) The merchandiser of claim 4 further comprising an inwardly angled wall mounted to the top of said shelf front wall such that said angled wall extends upward and toward said plenum.

Claim 6 : (Original) The merchandiser of claim 2 further comprising an awning frame and an awning, supported by said awning frame, to shade said display chamber.

Claim 7 : (Currently Amended) The merchandiser of claim 1 wherein said drawer includes a drawer floor and drawer front wall, where said drawer floor is angled slightly downward toward said drawer front wall.

Claim 8 : (Original) The merchandiser of claim 7 wherein said drawer floor extends to a forward extent that is short of said drawer front wall.

Claim 9 : (Currently Amended) ~~A~~ The merchandiser of claim 8 for cooling and displaying produce comprising:

a frame defining a cooled air plenum;

a unit cooler for supplying cooled air to said plenum;

a shelf mounted to said frame below a first cooled air egress passageway in communication with said plenum; and

a drawer slidably mounted in said frame below a second cooled air egress passageway in communication with said plenum, wherein said drawer includes:

a drawer front wall;

a drawer floor angled slightly downward toward said drawer front wall and extending to a forward extent that is short of said drawer front wall; and

a perforated wall extending vertically upwards along the width of said drawer;

wherein said merchandiser is adapted such that cooled air that spills out of one of said shelf and said drawer is received by the other of said shelf and said drawer; and

wherein said merchandiser is adapted such that cooled air that spills out of the other of said shelf and said drawer is received by said unit cooler for further cooling.

Claim 10 : (Original) The merchandiser of claim 9 wherein said perforated wall, said drawer front wall and said forward extent of said drawer floor define a drawer return air channel.

Claim 11 : (Original) The merchandiser of claim 1 further comprising castors mounted to the bottom of said frame to facilitate relocation of said merchandiser.

Claim 12 : (Original) The merchandiser of claim 1 wherein said produce is available in a plurality of types and said plurality of types of said produce are arranged by manner of preparation.

Claim 13 : (Original) The merchandiser of claim 12 further comprising an indication of said manner of preparation associated with each type of said plurality of types.

Claim 14 : (Original) The merchandiser of claim 13 wherein said produce is potatoes.

Claim 15 : (Original) The merchandiser of claim 14 wherein said manner of preparation is selected from the group comprising: boiling, baking, mashing, roasting and French frying.

Claim 16 : (Original) The merchandiser of claim 14 wherein said cooled air is maintained below around 10° Celsius.

Claim 17 : (Original) The merchandiser of claim 1 further comprising a drip pan and a condensate line to communicate condensate water from said unit cooler to said drip pan.

Claim 18 : (Original) The merchandiser of claim 17 wherein said drip pan is positioned proximate a vent in a wall of said merchandiser to facilitate evaporation of said condensate water.

Claim 19 : (Original) The merchandiser of claim 1 wherein a size of said first cooled air egress passageway may be adjusted to suit a degree of cooling required for said shelf.

Claim 20 : (Original) The merchandiser of claim 1 wherein said unit cooler comprises:

a radiator adapted to pass cooled matter from an ingress to an egress;

a fan for promoting flow of said cooled air received by said unit cooler for further cooling past said radiator and toward said cooled air plenum.

Claim 21 : (Original) The merchandiser of claim 1 wherein said shelf is mounted to said frame over said drawer such that said shelf shades at least a portion of an interior of said drawer.
